CHAIRPERSON AND CEO REPORT FOR 2021

Throughout the challenges and triumphs of the last few years, one thing has remained constant about AgFed: we are guided by our Purpose.

AgFed is here for the people, families, and communities we serve, throughout every stage of their lives. We have a deep-seated commitment to the well-being of our members, and every decision is made with empathy and reliance on our core values. When times are uncertain, we rely on our Purpose for guidance.

It’s a simple, but profound difference. And it works.

This commitment to our Purpose led to strong, sustainable financial performance in 2021. We ended the year with over $1.1 million in net income, strong loan growth, and a net worth ratio of 10.89% with low delinquencies and charge-offs.

This was achieved in many ways. For example, we modified our loan pricing and processes in order to reach more members in the communities we serve. This resulted in over 8% loan growth in the latter half of the year.

We have also assessed and streamlined many other processes using input from staff and members.

Although COVID-19 continues to linger, we have been able to re-open most of our branches for appointments, and most of our staff have been able to safely return to the office. We’ve added staff to better meet member needs with 24 hour telephone support.

Continuous technology and process improvements continue, and will always be a large part of AgFed’s focus. It’s part of our commitment to serve our members when and where and how you need us. We’re constantly working to understand and anticipate our members’ needs, and find innovative ways to meet them.

As we look forward to the rest of 2022 and beyond, we remain committed to our Purpose, expressed in our simple motto: “Your Partner for Life”.

We thank you for choosing AgFed, and we look forward to continuing to support you in reaching your goals.

Elard J. Phillips, Chair, and Margie Click, President/CEO
TREASURER'S REPORT

Agriculture Federal Credit Union ended the year in a fiscally sound position with a capital to assets ratio of 10.89%. This ratio is an indicator of excellent financial strength and is significantly higher than the regulatory well-capitalized standard of 7% set for credit unions.

Despite the financial challenges presented by the COVID-19 pandemic, the credit union's loan portfolio grew by over $5.4 million, while member deposits remained steady at $316.2 million.

Our asset size ended the year at over $356 million, and we experienced a good return on assets of 0.31% for the year.

I am happy to report our credit union remains fiscally sound and AgFed is looking forward to continuing this well into the future.
